Dear David:

On behalf of Southern Division Naval Facilities Engineering Command and Ray Butka, Engineer-in-Charge, ABB Environmental Services, Inc. (ABB-ES) is pleased to submit the first No Further Action Decision Document, Site 21B Rubble Landfill, for your review and comments. In this first effort, we are particularly looking for your feedback concerning format and content of the document, so that we feel reasonably comfortable that you will be happy with us following the same "routine" on the next several decision documents.

Please forward all comments to me either in writing or via telephone by May 5, 1995. Upon finalization of the document, letters of concurrence from USEPA and ADEM will constitute concurrence with the No Further Action Decision at Site 21B.

Sincerely,
